PLUMBING AFFIDAVIT

The following information must be completed and returned with the building permit application. Building permit will not be issued without this form.

County	Township
Project Address	
Owner	Plumber
Address	Address
City/State	City/State
Sanitary Permit #	Master Plumber #

WI Stats: 145.06 requires all plumbing in a new one and two family dwelling be installed by a licensed Master Plumber or a properly licensed person working under the supervision of a licensed Master Plumber

The above listed Master Plumber will be installing and is responsible for the following portions of the project. Please (X) Below:

- _____ Under floor plumbing in basement
- _____ Complete rough-in above grade including drain, vent, and water supply system.
- _____ Water Heater
- _____ Space Heating System (Hydronic Heat Only)
- _____ Complete finish plumbing including setting and connection of fixtures.

I attest that I am the licensed Master Plumber for the above project and are using properly licensed people for all work and performing tests on all work per Comm. 82.21.
